SPELLING & SHANIAN

SPELLING & MCDERMOTT

TORI'S TRIAL Tori

Spelling's split from her husband of 14 months, writer-actor **Charlie Shanian**, may not be pretty. In divorce papers filed Oct. 12, Shanian seeks spousal support—and states their date of separation was Sept. 19. Spelling has said publicly that they broke up a month earlier, before she began a relationship with actor **Dean McDermott** on the Canadian set of their TV movie *Mind Over Murder*. "That's all news to Charlie," says his lawyer **Stacy Phillips**. "He believed they were happily married until Sept. 19." The day Shanian filed, Spelling and McDermott dined with pals at Hollywood's Bella. A source tells Insider, "They seemed really happy."
